• January Board of Governors Meeting
  January 20th, 11:30am Meeting
  Ingrids Kitchen, 3701 N Youngs Blvd.
  Oklahoma City, OK, 73112

• February Chapter Meeting
  February 12th, 11:30am Meeting
  Will Rogers Theatre, 4322 N Western Ave,
  Oklahoma City, OK, 73118
  Speaker: ASHRAE / SMACNA Panel
  Topic: ASHRAE / SMACNA Panel Discussion
President’s Message
By: Madison Schultz  
January 2020
Hello ASHRAEcok Family!

I am super excited to serve as your President this year! My goal for the year is to **Empower Members**. We are lucky to have so many wonderful volunteers helping this year so this year will be jampacked with events; I hope to see you at many of them.

I have a big shout-out this month:
I want to thank Stephanie Thomas for serving as the Chapter Treasurer. Stephanie has done an amazing job at keeping our chapter financial affairs in order for the past several years. Some chapters rotate the position of Treasurer yearly along with the other Officer positions, but we are lucky that Stephanie has been willing to serve in this elected position for consecutive terms. She arrives at every Board of Governors Meeting with updated financial statements and is extremely prompt in fulfilling the financial responsibilities of the chapter. She is also proactive in ensuring that our taxes are filed on time to maintain our non-profit status. Thank you Stephanie!

The 2020 ASHRAE Winter Conference and AHR Expo is February 1-5 in Orlando, FL. This is great place to keep updated on the latest industry trends and earn those valuable PDHs. I look forward to seeing many of you there!

If you are a YEA Member and have not already attended, I strongly recommend that you attend the YEA Leadership Weekend 1.0 in Minneapolis, MN on May 15-17. Registration will open soon. If you have already attended the YEA Leadership Weekend 1.0, I strongly recommend that you attend the YEA Leadership Weekend 2.0 in Palm Springs, CA on May 1-3. Registration is currently open. The class size is limited to 20 people so will fill up quickly! Registration for both weekends is at ashrae.org/yea.

The chapter has an extensive slate of programs this year. These include providing funding to students to attend the Winter Conference and AHR Expo, sponsoring lunch for Student Branch Meetings, scholarships, partial funding to send volunteers to training, and so much more. To fully fund all of our programs, we need to raise almost $4,000. The Board of Governors and a few select committee chairs will be contacting companies who have staff that are current ASHRAE members to see if they are interested in helping. We have an opportunity available for a single donor to be the ASHRAEcok Patron which will fully fund all of our programs this year. All other donors can contribute as much as they want to ASHRAEcok and chose how they want to be recognized. Included in this newsletter is the Sponsorship Menu. If you or your company are interested in participating, please fill out the form and send it to our Treasurer.

I am excited to learn about **Standard 36, New ASHRAE Commissioning Standards** at the January 8 Chapter Meeting. As a reminder, our new location is **Will Rogers Theater** at 4322 N Western Ave, Oklahoma City, OK 73118.

All the committee chairs are hard at work planning spectacular events for the year. Please reach out if you want to get engaged with all they are doing or if you have an idea for an event or activity that will empower members.

Madison
As Chair for Region VIII CRC Houston 2020 I would like to extend an invitation to join us here next year at the listed time and place during ASHRAE’s 125th Anniversary Year. I know we will have a good time and get a lot of ASHRAE work accomplished. Early Bird Golfing 8:00 A.M. for Wednesday arrivals on April 23, Welcome Party, ASHRAE General Business Meeting President’s Luncheon, Spouse’s Activities Old Town Spring Antique & Craft Shopping, Cooking Demonstration, Three Tech Sessions and Tech Tour of HARC LEED Platinum Building, Restaurant Dine Around and Awards Luncheon and CRC Training Sessions for Chapter Officers and Committee Chairs. Looking forward to seeing you here, then!

Bruce L. Flaniken, P.E.
Chair Region VIII CRC Houston 2020
ASHRAE uses a lot of acronyms. People ask: “What is a CRC?” It’s an acronym for Chapter Regional Conference. Central Oklahoma is one of 15 chapters in Region VIII. Region VIII is basically Arkansas, Oklahoma, Texas, a portion of Louisiana and Mexico. The Region meets annually in the spring. These meetings move around the Region being hosted close to where a Chapter exists. In 2020 the CRC will be hosted by the Houston Chapter April 23-25.

Who should attend? Everyone that is a member, and bring your spouse, children or other guest. A trip to Houston with children can be quite educational. Your spouse or companion will have special activities. Our Members will have access to some top-notch seminars, and you can learn more about how ASHRAE functions. Yes, there are some officer and committee training seminars where you can delve deep into what happens on a chapter and regional level.

More than the training and seminars this is a first-class chance to advance your career through networking and learning from others in the HVAC industry. There will be lots of good food and beverages with plenty of social time to enjoy yourself.

Good food, good fellowship and the chance to advance your career. Everyone should try to attend.
Young Engineers Association (YEA)

*January Mentor Matching!*

By: Gavin Swenson

This month we’ll be kicking off the New Year with our very first YEA mentorship program. As part of our goal to empower membership we’re doing a mentor-matching event as a first step towards forming mentor/mentee bonds. Come on out and see who you click with!

Mentorship relies largely on the kindness of our more experienced members. If you’re interested in being a mentor to one of our YEA members, please let me know so I can put you on the appropriate list.

Every YEA event is open to all Chapter members, but this month especially I urge non-YEA members to attend.

If you’d like to put your name in the hat for the mentorship program or have any ideas you’d like to see implemented in our YEA program, please contact me at gswenson@eei-ok.com.

---

Honors and Awards

*Update your BIO!*

By: Tino Mendez

Why ASHRAE Awards should be important to you

Whether it is an award for a paper you wrote for the ASHRAE Journal, the design of a project you are proud of or election to a Membership grade of FELLOW, these awards have in common that you are being recognized by your PEERS for having made a contribution to Society by sharing your expertise with your fellow ASHRAE members.

A look at the list of members that have attained the grade of FELLOW shows that the number of individuals recognized since the award was created is less than 1% of the total membership of Society today.

Another important reason for a young member to enter an energy/technology competition is not only the satisfaction of being recognized, in most cases it brings you to the attention of your company’s management and could result on a cash bonus or a promotion. The award makes you "stand out" from the rest.

If you don't want to do it for the glory, do it for the money.

Update your ASHRAE BIO today !

Thanks,

Tino
Historians Article

Our Website
By: Dusty Stoabs

Did you know that there is tons of history about the Central Oklahoma Chapter on our website? Our History page has our original charters, our four chapter history books, CRC reports, honors and awards history, Historian newsletter articles, interview transcripts, a list of past chapter presidents, and more. You can get to our website history page at https://ashraecok.org/content.php?page=History. From there you can navigate to the Honors & Awards page and the Past Presidents list. I personally maintain and update those three webpages on our website. But it’s not like it’s hard to do, since our chapter uses “StarChapter.”

During David Royal’s year as Chapter President (2013-14), the chapter leadership implemented the StarChapter subscription based website service, at the recommendation of David himself. The Central Oklahoma Chapter originally created a website sometime around 1999, but over the years, despite being overhauled a couple of times along the way, it was always difficult to update and regularly had out of date information. That all changed in 2013 when StarChapter was implemented. StarChapter is a “member friendly” association management software platform serving local chapters of professional and trade associations. StarChapter's stated mission is to “help local leaders grow their chapter’s attendance, membership, and revenue.” The software combines event registration, membership (roster) management, email distribution and website layout. Its tools allow our chapter leadership and committee chairs to easily update our website without having to do any programing or write code. The history of StarChapter itself can be found at this link: https://www.starchapter.com/About-Us.

Research Promotion

A Special Thanks
By: Chris Dolan

Below is the Top 5 donor Organizations. A special Thanks is due to these companies. Without their contributions we would have a hard time reaching our goals.
1. The Climate Control Group
2. Harrison Energy Partners
3. RB Akins
4. Engineered Equipment Inc
5. Darr And Collins

I challenge you and your organizations to make the Top 5 this year!!!

To contact me, please email me at cdolan@eei-ok.com

Membership Promotion

Member—Non Member Event
By: Tanner Jones

Happy Holiday’s to all ASHRAE COK Chapter Members! On the membership promotion side of things, we will be having the member bring a non-member event for our January meeting, so please encourage those within your industry connections that are not members to join us for our meeting January 2020. There will be a raffle for each member that brings a non-member as well as the non-member. As for other business, YEA and MP will have a joint meeting next year, so continue to check your newsletter for updates.

If there are ever any questions over membership or involvement, please send me or the MP Team below an email.

Caleb Spradlin (cspradlin@hpengineeringinc.com) – Committee Member
Heather Martin (hmartin@rbakins.com) – Committee Member
Alex Roswell (aroswell@psaokc.com) – Committee Member
Conner Walters (connerw@harrisonorr.com) – MP Co-Chair
Tanner Jones (tkjones@eei-ok.com) – MP Chair
Social Media

January News
By: Kaylee Oliver

With the holidays over and the new year beginning, stay in contact with ASHRAE through our social media pages! Central Oklahoma ASHRAE has been busy with sustainability events, YEA happy hours, and all sorts of happenings this year. Social media is the best place to find the latest information on meeting times, extra events, and photos of past events.

Be sure to follow us @ASHRAEcok on Facebook and Instagram to stay up with the latest goings on.

Thanks!
Kaylee

Refrigeration

January Updates
By: Justin Love

Hello ASHRAEcok Family!

Be on the lookout for a tour of a local brewery. More Information to come in the February newsletter!

If anyone has any other suggestions, I am open to all.

Thank you and Happy Holidays

Justin Love
To contact me, please email me at Justin.love@trane.com
Chapter Technology Transfer

January Chapter Meeting Presenter

By: Jon Wilmore

Please join us Wednesday, January 8th for a discussion on High-Performance Sequences of Operation for HVAC Systems. Our presenter will be Ken Gilbert.

“High-Performance Sequences of Operation for HVAC Systems” as described in ASHRAE Guideline 36-2018. This guideline defines best-in-class sequences of operation for HVAC systems that help maximize energy efficiency, improve occupant comfort, and provide real-time fault detection and diagnostics (FDD).

What are high performance sequences of operation for HVAC systems?
What is ASHRAE Guideline 36?
What are the benefits of these high performance sequences of operation?
How to specify high performance sequences of operation for ASHRAE Guideline 36
The future of ASHRAE Guideline 36

Ken Gilbert is a Regional Technical Consultant for Automated Logic, supporting design engineers and consultants in the Atlanta area. Ken brings significant industry experience to ALC having served with The Trane Company and Honeywell International in a variety of sales, engineering, and consultative roles. Ken graduated from the Georgia Institute of Technology with a Bachelor of Science degree in Industrial Management. Ken and his family live in the Atlanta area.
Scholarships

*January News*

By: Robert Smith

Our scholarship window closed on December 1, 2018. We are excited to offer two $1,500 scholarships this year and had an amazing 6 applicants that applied for our scholarship.

Stay tune for February’s Newsletter for our award-winning announcement!

We are also looking for anyone that would like to be involved in the Scholarship Committee. I personally am looking forward to a great year.

For additional information please contact me at rsmith@eei-ok.com or 405-627-5941.

Sincerely,

Robert Smith
ASHRAE COK Scholarship Chair 2019-2020

Student Activities:

*January News*

By: Robert Smith and Don Carter

We are scheduling an invite at The University of Central Oklahoma before school is out for the holiday. If you are a current Student Member and are interested in learning more about the operation side of ASHRAE, or a Student Branch Advisor and know of a Student Member that would be interested, please let Robert or Scott know.

If you are involved in different activities either at the K-12 level, or the post high school level, please let us know, so we can list the activity in our newsletter and receive PAOE points. If you are involved in an activity and need volunteers, please let us know so we can help you get the word out for volunteers.

Robert Smith, rsmith@eei-ok.com
Don Carter, doncarterconsulting@gmail.com
Sustainability / Community Service Projects

Upcoming Projects
By: Craig Yadon

Project #2. Habitat for Humanity (Late March 2020)
We will assist in either new home construction for a deserving homeowner or provide critical home repairs (CHR) for low income home owners that struggle to maintain their homes due to limitations related to income, age, disability or other circumstances.
https://www.cohfh.org/

Project #3. Rebuilding Together (Late April 2020)
Rebuilding Together is a local organization that “brings volunteers and communities together, improving the homes and lives of senior homeowners here in the Oklahoma City metro area.”
Since 1992, Rebuilding Together OKC has repaired over 3,100 homes, 35 non-profit facilities, and 8 public school buildings with the help of 70,000 volunteers. Total value to the community has been more than $20 million.
http://rebuildingtogetherokc.org/

If you are interested in helping with one or all of these opportunities or if you have any questions, please contact Craig Yadon (cyadon@mechsales.com). Calendar invites and any additional information required will be sent to all current ASHRAE members prior to the event.
Diversity

Diversity in ASHRAE...

By: Aruna Abhayagoonawardhana

Diversity brings different talents together to work toward a common goal using different sets of skills and perspectives.

“Empower our ASHRAE members to promote diversity” is our mission statement. Diversity, one of the core values in ASHRAE, is a priority at all levels. We also acknowledge the inherent value and dignity of our members.

The Central Oklahoma chapter membership, governing board and committee chairs are a very diverse group and we continue to promote diversity at chapter meetings, events and in the community.

We will be planning future events to increase diversity and awareness. During upcoming Engineer’s Week, we will focus on “introduce a girl to the engineering program”. While visiting schools, we encourage all members and officers to promote diversity among students. We also encourage our members to take diversity awareness to the work place and their communities. We are planning to schedule activities with local diverse groups to break social barriers involving race, religion, economic status and cultural heritage. We are also planning to work closely with the membership and the student activity chairperson to coordinate activities among minority groups and student branches.

I cordially invite you to join us in promoting diversity within ASHRAE, as well as the workplace and our community.

Government Affairs

January Updates

By: Byron Hughes

Advanced Energy Economy Releases State Legislative Report

The Advanced Energy Economy has put out a comprehensive report evaluating state legislative action on advanced energy-related matters. When it came to which state introduced the most advanced energy bills, New York easily led the pack with over 600 bills, followed by Massachusetts with nearly 400 bills and Texas with 236 bills. However, when looking at which states passed the most advanced energy bills, California, Maine and Virginia were tied with 52 bills each, followed by Texas with 43 bills and Oregon with 34 bills. For the full report and to see how your Oklahoma ranked, click here. https://info.aee.net/hubfs/white_papers/PowerSuite%20-%20Advanced%20Energy%20Legislative%20Activity%20-%202019.pdf

Questions or Comments please contact me at bhughes@rbakins.com
2019-2020 Sponsorship Menu

Thank you for your support of ASHRAE’s Central Oklahoma Chapter! How would you like to be recognized?

Available to a single donor: For a donation in the amount of $10,000, be the 2019-2020 ASHRAEck Patron

- Sporting Clays Platinum Sponsor
- Poker Tournament Platinum Sponsor
- Sponsor 6 Students to the ASHRAE Winter Meeting and AHR Expo
- YEA Events Sponsor
- Student Branch Meetings Sponsor
- Diversity in ASHRAE Events Sponsor
- Distinguished Lecturer Sponsor
- Pre-Pay for 2 people to attend all 8 Monthly Chapter Meetings
- Recognition at all Monthly Chapter Meetings

For donations in increments of $500, choose one of the following:

- Sponsor a Student to the ASHRAE Winter Meeting and AHR Expo
- Scholarship Sponsor
- Companions’ Night Sponsor

For donations in increments of $300, choose one of the following:

- YEA Event Sponsor
- Student Branch Meeting Sponsor
- Diversity in ASHRAE Event Sponsor
- Distinguished Lecturer Sponsor

For donations in increments of $100:

- Chapter Meeting Recognition

ASHRAE COK Chapter Meeting Minutes
By: Caleb Spradlin

Meeting Date: 12/11/2019
Meeting Location: Will Rogers Theater

Members: 52  Guests: 5  Students: 1

Chapter Officers:

Madison Schultz – President (Present)
Chris Dolan – President Elect (Present)
Caleb Spradlin – Secretary (Absent)
Stephanie Thomas – Treasurer (Present)
Jeff Forman – Vice-President (Absent)

Board of Governors:

Aruna Abhayagoonawardhana (Present)
Tony Arango (Absent)
Don Carter (Present)
Kaylee Oliver (Social Media Chair) (Present)
Damon McClure (Present)

President Madison Schultz called the meeting to order at 11:34 am

Jon Wilmore introduced speaker.

Leanne Sutton from Titus spoke on VAV Diffuser Systems vs Traditional VAV Box Systems.

Madison Schultz adjourned the meeting at 12:37 pm.

Submitted,

Caleb Spradlin
ASHRAEcok Secretary 2019-2020
