September 14, 2016

SMACNA Training Facility
Oklahoma City, OK

Attendance: Members____59_____ Guests_____13_____ Students_____

President Wilson called the meeting to order at: 12:10 PM

- **Invocation by Trapper Wilson**
- **President Wilson opened the meeting thanking everyone for coming to this extra meeting.**
  - **Nathan Dills was recognized and thanked for helping arrange the SMACNA speaker.**
  - **Guests and new members were recognized**
  - **Members were challenged to become more involved, volunteering for RP, SA and other committees important to our chapter operations.**
  - **Our annual Golf RP event raised over $20K this year! Winning teams were recognized.**
- **Guest Speaker - SMACNA Executive Director – Eli Howard**
  - **Eli is ASHRAE 62.1 voting member**
  - **SMACNA is a trade association made up of 2000+ members**
  - **The Technical Services & Research Group creates tech standards and free apps for duct leakage and duct construction.**
  - **Recently released standards:**
    - **SMACNA / RCI Arch Steel Metal Quality Assurance Guidelines**
    - **SMACNA / ANSI Residential Comfort System Install Standard**
    - **SMACNA / ANSI Phenolic Duct Construction**
    - **New 2016 HVAC Duct Construction Standard "The Bible"**
    - **HVAC Duct Leakage – new test manual, tightens up rate by 1/3, only 25% of duct to be tested if TSP > 3", SMACNA only requires to test duct to operating pressure, not 1.5x etc.**
    - **Thermoset FRP Standard 2nd Edition**
    - **Kitchen Grease Duct Fab Tables**
- **Tour of facility followed meeting.**

The meeting was adjourned at: 1:15 PM

Respectively Submitted,
Jeff Forman
ASHRAEcok Secretary 2016-2017
