

CHAPTER MEETING MINUTES

April 5, 2017

50th Penn Place
Oklahoma City

Attendance: Members _____ 64 _____ Guests _____ 8 _____ Students _____ 10 _____

President Wilson called the meeting to order at: 11:45 AM

- President Wilson opened the meeting welcoming our guests including students from UCO, OSU, OU.
- Announcement of need for volunteers to assist a student resume review session at UCO on 4/18 and 4/20, contact Madison Schultz for more information.
- Trapper Wilson (stepping in for RP Chairman Chris Dolan) presented a RP overview emphasizing:
 - Why donate? RP provides \$951,952 to Oklahoma Universities
 - COK Target is \$42,000 this year
 - 2 sponsorships are available – individual & corporate (note we just lost \$10k corp sponsor so need more individual participation)
- John Semtner provided a CRC update and general overview.
- Guest Speaker – Patricia Graef, PE
 - Senior Engineer for Munters
 - Topic: Legionellae: Risk Management for Building Water Systems
 - Reference: ANSI/ASHRAE Std 188 2015 and CDC 188 Toolkit
 - Legionella identified in 1976, unlike Pontiac Fever with mild flu symptoms, LEG includes pneumonia and is potentially fatal. LEG is naturally occurring in water, not transmitted person to person, but airborne and inhaled.
 - Sources: Cooling towers, humidifiers, misters, air washers, fountains, ice makers ...
 - Where: 23% Healthcare, 21% Hotels, 56% other
 - Practical advice – flush water first from showers, faucets before using.
 - Q&A session

The meeting was adjourned at: 1:00 PM

Respectively Submitted,
Jeff Forman
ASHRAEcok Secretary 2016-2017
